

# IRON CITY FISHING CLUB

A silhouette of a young boy is positioned in the lower-left foreground, facing away from the viewer and slightly to the right. He is holding a fishing rod with a yellow handle. The background consists of a calm body of water extending to a distant, dark treeline on the horizon. The sky is a warm, golden-orange color, suggesting a sunset or sunrise. The overall mood is peaceful and serene.

# IRON CITY FISHING CLUB

FIRST FISHING TRIP 1881

ORGANIZED 1882

INCORPORATED 1901

## PURPOSE

To maintain and preserve a safe haven  
in the beautiful natural environment of Georgian Bay,  
and for the members of the Club to enjoy  
recreational, social, spiritual and educational activities.

## CUSTOMS AND COURTESIES

*Iron City Fishing Club had its origin in 1881. It had then and still has religious overtones and a few established traditions that have made it and kept it the happy summer retreat it is.*

**IT IS TRADITIONAL** for all campers to attend the Sunday morning devotional service in the dining room following breakfast and the regular Vespers Service in the Lodge at eight o'clock.

**IT IS TRADITIONAL** not to fish on Sunday and to keep a quiet bay by reserving it for canoes and sailboats. The use of powerboats for necessary transportation may, of course, be undertaken.

**IT IS TRADITIONAL** for every member and guest to share in keeping the Camp grounds free of litter and to keep the area surrounding their own cottage neat and trim.

**IT IS TRADITIONAL** for campers and guests to make every effort to modulate voices and all other sounds in order to ensure a quiet camp after eleven o'clock in the evening.

**IT IS TRADITIONAL** not to bring in any smallmouth bass under 12" in length. Should a fish have been so badly hurt it will die, it is to be counted as one of Canada's legal personal daily limit.

# **THE STRATEGIC PRIORITIES OF THE IRON CITY FISHING CLUB**

as formulated in 2002

## **Traditions**

Traditions of the Iron City Fishing Club are the knowledge, beliefs, customs, principles, and behaviors of camp life that bind us together in community. Whether written or unwritten, club or family, Iron City Traditions are passed year by year, from generation to generation, forming the basis of our past and our guidance into the future.

## **Financial Stability**

The Members of the Iron City Fishing Club will invest in our Club to ensure it can meet its short-term obligations to maintain and enhance the infrastructure and services that we consider a part of our camp experience, while building financial reserves sufficient to ensure that ICFC's Purpose can be achieved for generations to come.

## **Physical Plant / Infrastructure**

Iron City's Physical Plant includes Club-owned and operated buildings, structures, landscape and other facilities on the Property, which enable the Club to achieve our Purpose and provide our yearly outing activities. We seek continuous improvement in how we plan for and implement the maintenance, replacement, enhancement and operation of those facilities.

## **Community / Environment and Wilderness**

The Iron City Fishing Club will strengthen our leadership in the greater Georgian Bay community. We will become pre-eminent in our environmental practices; we will increase our resources for wilderness education and preservation.

## **Managing Growth**

The Members of the Iron City Fishing Club and their families are our most important priority. As we look to the future we must balance our desire for expanding our membership, including Corporate Members, with the need to manage our physical resources and maintain equilibrium with our special environment.

## OFFICERS

President	RICHARD W. REED, JR
Vice President	ELIZABETH LAWSON HUGESSEN
Vice President	HILARY WRIGHT LUSK
Vice President	MATTHEW WEISSBERG
Recording Secretary	ANNE APPELEGATE BERGLAND
Membership Secretary	WALTER F. JENKINS
Treasurer	DAVID A. FRITZ

See page 53 for Iron City telephone numbers

## GENERAL INFORMATION – 2020 SEASON

### ORGANIZATION

*Jim Beatty* is the Business Manager for the Club. He and his wife *Bonnie* are residents of Parry Sound. Jim will be in camp frequently during encampment. Their children are *Anne* with husband *Clayton Hall* and son *Hudson* and daughter *Hadley*, *Kate* with husband *Kevin Morrison* and daughters *Isabella* and *Sienna*, and *Andrew* with his fiancée *Mara Hollingsworth*.

Caretaker *Maurice Gregoire* and his wife *Lisa*, with their children *Mackenzie* and *Steven*, and Assistant Caretaker *Randy Grisdale* live at camp all year round.

Maurice and Randy are responsible for assuring that the Club is safe and secure. During the summer, Maurice hires a small staff for maintenance work, for driving camp boats, and for garbage/trash disposal. Maurice's group is not available for major repair or construction work on member cottages; minor repairs are handled by the member preparing a work order and leaving it at the office. Such repairs will be charged to the member through the Club.

***This year, because of COVID-19, no meals will be available in season and all campers will be responsible for bringing in their own food. The kitchen will be closed and there will be no access to its facilities; there will be no wait staff or Head Waiters.***

However, the office and gas pump will be staffed by Jeffrey and Michael Hugessen on a regular schedule, to provide reservation, bookkeeping, taxi scheduling, gas, and other services.

Committees generally work with and through the Club staff. They establish programs, policies and procedures in their respective areas and advise the President and the Business Manager. Member suggestions and/or complaints should be addressed to the appropriate committee chairperson. See pages 22 to 27 for the names of all committee members.

### MAIL & FAX

Summer and winter address in Canada:

Iron City Fishing Club, PO Box 308, Parry Sound ON P2A 2X4

Summer fax number: 1-705-375-0405

Winter legal address in USA:

Iron City Fishing Club, PO Box 86, Jamesville, NY 13078-0086

Postage on standard letters and postcards from Canada to the United States is now \$1.47 (Canadian, \$1.30 + tax). Postage for letters and postcards to Canada from the States is \$1.20 (US). Incoming mail arrives at the office, and outgoing mail may be dropped in the mail box there.

If you wish to ship items to camp from outside Canada, you will need a border broker. The easiest way to do this is to go to the UPS store or a FedEx store. Items may be sent to the Moon River Marine, Woods Bay, from May until mid-October. If you cannot do that, contact Jim Beatty for information on working with a border broker.

## **TRANSPORTATION**

Depending on social distancing restrictions and with prior reservation at the Club office, the Club boat may be available to pick up or deliver members and guests and their baggage in Woods Bay at Moon River Marine or Grisdale's Marina, or in Parry Sound. Please plan to arrive at least 15 minutes before the scheduled time. Failure to arrive on time for a reservation will incur a full-fare penalty. Boat trips may be shared at the option of the member who makes the initial reservation.

### **THE FOLLOWING SERVICES MAY NOT BE AVAILABLE THIS SUMMER: PLEASE CHECK WITH THEM DIRECTLY**

Moon River Marine (<https://www.moonrivermarine.com/>) in Woods Bay is connected via MacTier to Highway 400. It is the closest marina to Camp with capacity to park autos, to provide boat storage, maintenance service, fuel, and to supply docking and water taxi service. Club maintenance materials are delivered to this point. Auto parking for a fee is also available at Woods Bay Marine/Grisdale's (<http://www.woodsbaycottages.com/marine.html>).

Independent water taxis are available from Moon River Marine (phone 1-705-375-2342) or from James and Kim Grisdale's (phone 1-705-346-1072).

To or from Woods Bay ----- Trip, up to 4, or Towing: C\$70

To or from Parry Sound ----- Trip, up to 4, or Towing: C\$150

Additional person: C\$15 each; under age 13 no extra charge

Sinton Transportation ([www.sinton.com](http://www.sinton.com); phone 1-705-722-6666; from the US 1-800-947-3839) and MDM Enterprises (Mark Meikle) (phone 1-905-573-0568, [www.mdmenterprises.ca](http://www.mdmenterprises.ca)) both provide transportation between Toronto airport and Georgian Bay points.

## **BOAT SHUTTLE SERVICE**

This service will be provided to Club members only, delivering their boat to or from Moon River Marina for a fee of \$70 each way. The service will be conducted by Iron City maintenance staff members who have been qualified by the Gregoires as safe and knowledgeable boat operators. The member boat owner assumes all liability for any and all damages incurred during the performance of this service.

The member boat owner must notify the Club office by email or work order not less than one week in advance of desired service.

## **TRAVEL DOCUMENTATION**

All U.S. citizens traveling by air must show a passport when entering both the U.S.A. and Canada. When traveling by car, adults must show a passport but children under 16 may substitute an original or copy of their birth certificate. There is no change to the requirement for a notarized permission letter by both parents if the child under 18 is not accompanied by both parents. Full details may be found on <http://travel.state.gov>.

## **ARRIVALS AND DEPARTURES**

Unexpected arrivals and departures place an extra burden on the Camp

operation. All reservations must be made online, using the link on the website ([www.ICFC.net](http://www.ICFC.net)), two weeks or more in advance of arrival. This should be used for both in-season and off-season reservations as appropriate. Both arrival and departure dates should be specified, even if modified later. Everyone in the party should be named, and the birthdays listed of all children under 13.

### OPENING, CLEANING & CLOSING COTTAGES

Enhanced cleaning and working protocols will be developed to ensure the safety and health of the staff. These will include procedures for opening and cleaning of cottages.

Arrangements for opening members' cottages should be made independently by the individual member with Lisa Gregoire, with at least three weeks' notice by phone (1-705-375-5633) or email ([moeandlisa@live.ca](mailto:moeandlisa@live.ca)). It is important to specify the nature of the work to be done when contacting Lisa, and also to tell her the first date the cottage will be occupied. She will arrange for the cleaning work to be done and billed through the Club.

In addition, cottages can be cleaned during the summer; please provide Lisa with as much notice as possible so that she can schedule the appropriate staffing; this is particularly important during the summer peak. ***Cottages that are to be cleaned for new arrivals (family, guests or renters) must be vacated for 72 hours between occupancies.*** Lisa and her crew can also prepare your cottage for winter closing, with proper instruction.

### COTTAGE RENTALS

Cottage owners are encouraged to rent their cottages to other members or guests. Available cottages may be found on the website. Owners are expected to have their cottages cleaned prior to renter arrival, and to provide bed linen and towels and working appliances. Rental negotiations are a private matter between members. However, the chairpersons of the Membership & Guest Committee will be able to give advice and information to facilitate rentals.

### PETS

Members and guests are not permitted to have pets during the encampment. Pets may be brought to camp by members out of season, provided that they are contained and controlled by the member. With the exception of the Property Managers and Chef, staff are not permitted to have pets at any time.

### GUESTS

Guests must be sponsored by a member who is to be present throughout the visit. A member may take to the camp as many guests as he or she can accommodate. Guests may open a guest account while in camp. When charges of a guest are in default, they will be charged to the account of the sponsoring member.

### CAMPERS UNDER 26

No one under the age of twenty-six may be in camp unless sponsored by a member who is present in camp. The sponsor shall advise the Club office at the time of reservation.

## **ALCOHOL, MARIJUANA & OTHER CONTROLLED SUBSTANCES POLICY**

Temperate behavior is expected from all adults. Club policy requires compliance with Canadian law which provides that use of alcohol or marijuana by minors (under 19) and sale of cigarettes to anyone under 19 is illegal.

Anyone distributing controlled substances, whether alcohol, marijuana or other drugs, to minors will be asked to leave camp. Any instances of these offenses should be reported immediately to the President or the ranking Board member in camp at the time.

We need the continuing support of all members in upholding and reinforcing this policy.

In addition, it is traditional for Members and Guests to refrain from consuming alcohol in common spaces except in connection with activities that have been approved by a Club Officer. Use of marijuana should be limited to private spaces.

## **INTERNET SERVICE**

The Club no longer provides an internet service to members. The internet connection in the office will not be available to members.

However, cellular internet access plans have been expanding, and are a much more cost-effective way to access the internet going forward. This will require members and their guests to make their own arrangements with their own cellular carrier companies for both voice and data services.

An alternative option is to rent a hotspot, from Skyroam for example (<https://www.skyroam.com/>).

## **WEBSITE**

Iron City's website address is *www.icfc.net*. Your username will be, e.g., your (member's) own email; your password will be your own private password. If you need assistance, email Diehl Sillers, *diehlstx@gmail.com*.

## **ELECTRONIC EQUIPMENT USAGE GUIDELINES**

ICFC is a very special place. Most campers arrive expecting something different than the intrusions and pace of our lives back home. These guidelines are intended for the benefit of all. The benefit far outweighs the minor and occasional inconvenience.

Cell phones and other hand-held communication devices: While use is preferred in private cottages, poor signal quality may make it necessary to seek a good signal only available in public areas (docks, etc.). Doing so should be discreet and considerate of others. All use is prohibited in and around outdoor gathering areas such as boardwalks, beach, putting green, lawns, tennis courts.

Laptops and Handheld Games: As with cell phones, use in public should be discreet and considerate of others. The sound should be turned off in public areas, and all use is prohibited in public buildings.

## FOOD SERVICES and the KITCHEN

*This year, no meals will be available in season and all campers will be responsible for bringing in their own food. The Kitchen will be closed.*

## DINING HALL, LODGE AND LIBRARY

*The Dining Hall, Lodge and Library, as well as the Kitchen, will be closed.*

## MEDICAL

**Members are formally notified that by coming to Camp they will be assuming the risk of their own health and safety and that of their family and guests and that the Club will not be liable for any consequences of accidents or illness while they are in Camp.**

**Camp Physicians:** It has been traditional to enlist medical doctors to be in residence during the encampment. **However, in 2020 exceptionally, there will be none.**

**Existing Medical Conditions:** Members or guests with known medical conditions should bring to Canada an appropriate supply of medications needed for their stay and any medical history which might be helpful in an emergency.

**Tetanus Immunizations:** All campers should ensure that their tetanus immunization vaccinations have been updated within the past five years.

**Emergency Equipment:** Should these be needed in the event of a medical emergency, a portable oxygen tank, a defibrillator, and adult and child EpiPens for allergic shock are stored in the front room of the doctor's office, as well as wheelchairs; this room is not locked. There is a second defibrillator beside the fire station between the Sawin-Williams and Jenkins cottages on Dominie Island, and a third in the Back Bay by the Old Friends' Boathouse.

**Medical emergency numbers and procedures are listed on pp. 60 & 61.**

## RATES 2020

**for the whole encampment, both "In" and "Out of Season"**

DAILY OUTING RATES	Rate in	C\$* Code
Members 26 and over.....		\$40 4
Guests 26 and over.....		\$40 5
Youths 13 through 25.....		\$34 6
Youths 7 through 12..... <b>no charge</b> Jul 1-25, Aug 9-15, then		\$24 7
Youths 1 through 6..... <b>no charge</b> Jul 1-25, Aug 9-15, then		\$ 9 8
Employees of members or guests.....		\$25 9
Season's charge per family for non-resident Members.....		\$65

**\*Rates** are expressed in Canadian dollars per day. Invoices may be paid in Canadian or US currency. The exchange rate is set by the Club's bank. All goods and services are subject to a Harmonized Sales Tax (HST) of 13%.

**Invoices** are due and payable upon departure. Please make checks in the exact amount due. Advance payments in round amounts are warmly encouraged.

**The out-of-season rate** will be as shown above. The responsible member must advise the Business Manager, Jim Beatty, of the dates and numbers of

people, including those under 18: this must be done in advance or during the stay (letter or telephone or email). It is recommended that Lisa Gregoire also be given this information.

**Garbage and recyclables:** regular pick-ups will be made at all bins and stations, *but at out-of-season intervals*, throughout the summer. Campers should ask at the office on their arrival for the schedule, to ensure that no food or other items is left out to attract bears and raccoons.

**MISCELLANEOUS CHARGES**

**Labor Rates:** Labor rates for opening or closing cottages, or for minor repairs by the Club maintenance crew, will be posted in the office. These rates include not only wages paid by the Club to the employee, but also payroll taxes and an appropriate share of Club overhead. During the encampment, the above kinds of labor must be arranged at the Club office by work order, and paid for through the Club.

**Trash Removal:** Heavy trash, such as worn-out appliances, will be taken by the Club to a dump out of camp, subject to Archipelago regulations. The minimum charge for this service is C\$25.

**ANNUAL DUES and INITIATION FEES**

For 2020 the annual dues are:

Corporate Members.....	C\$3,700
Associate Members.....	C\$2,100
Intermediate Members (aged 35-44).....	C\$ 800
Intermediate Members (aged 26-34).....	C\$ 525

New members pay initiation fees which are currently:

Corporate Members.....	C\$1,000
Associate Members.....	C\$ 500
Intermediate Members (aged 26-44).....	C\$ 250

Membership is always extended to members’ new spouses; each couple has one membership and one vote.

Members who wish to propose candidates for membership next year should contact the Membership Secretary by February 15th, 2021. All members’ children born prior to December 31st, 1996 are eligible.

See Article I, Section 5, of the ICFC By-Laws for the complete description of the application process for membership, changes in membership, transfer of membership, etc.

**COTTAGE STANDARDS AND USEFUL INFORMATION**

It is the responsibility of each of us to make sure Iron City is forever the beautiful place we know and love. The ICFC Property Committee wants to remind all Members of some basic Cottage issues. Please take a few minutes to read this message. If you need assistance with any of these the Property Managers or the Property Committee members can assist you.

## **FIRE PREVENTION:**

FIRE IS AN EVER-PRESENT DANGER. Fire prevention is EVERY MEMBER'S responsibility. Know the location of fire hoses and pumps near your cabin and how to use them. Call for help immediately if you see a fire. **See pages 60 and 61 on the inside back cover for details.** If you use a grill, make a fire in the fire places around camp, or are on a picnic, do not leave any fire unattended. **Iron City Fishing Club does not allow wood-burning fireplaces inside any cottage.**

**LIMIT STORAGE UNDER COTTAGES:** Electrical wires under cabins require visual inspections for potential hazards. Chipmunks and squirrels, for example, may chew on wires which can lead to electrical fires. Thus it is very important to keep areas under cottages clear.

**DO NOT STORE FLAMMABLE PRODUCTS UNDER COTTAGES:** In the tragic event that fire should occur, flammable liquids under your cottage could amplify a fire event at the cost of other cabins and lives. Additionally, old and unused products may be toxic and harmful if in contact with skin. Should flammable products need to be in your cottage, they must be properly stored (e.g. create a safety cabinet).

**REFRAIN FROM WOOD STORAGE UNDER CABINS:** Wood can get moldy and rot. Moldy wood attracts bugs which may eventually infest your cabin. An even greater hazard is that moldy wood is prone to fire. Keep wood storage for short duration or store on blocks to keep from ground contact.

**REPLACE ALL SMOKE ALARM BATTERIES:** While the property staff inspects all fire extinguishers annually, it is the owners' responsibility to change smoke alarm batteries every year, to check fire horn function, and to be familiar with the location of all fire extinguishers in their cabin and know how to operate them.

**REFRAIN FROM USING TOO MANY EXTENSION CORDS:** Too many electrical extension cords generally suggest that the electrical power in the cottage is not up to date or adequate for the demands of today's electrical needs. Check your system annually. Make sure the breakers work and the wiring is OK. Have an electrician review the electrical system in the cottage every so often. The Property Managers can supply you with information on electricians familiar with the Club.

## **ENVIRONMENTAL:**

**TREE POLICY:** Our many variety of trees enhance our Iron City experience. Light pruning by members is permissible to keep branches off cottages and to restore desired water views. No trees may be removed without permission of the Property Committee as advised by the Landscape Committee.

**WATER QUALITY:** Do not wash in the Bay as the chemicals in shampoo and soap, even those that are biodegradable, are harmful to aquatic life.

**ENERGY EFFICIENCY:** Conserve energy. Use compact fluorescent or LED bulbs in your light fixtures.

**WASTE DISPOSAL & RECYCLING:** The Club adheres fully to the recycling program adopted by the Archipelago for waste disposal and recycling paper, cardboard, metal, plastic and glass.

- Place general household waste in clear plastic bags in the trash cans.
- Place paper, flattened cardboard boxes, newsprint, magazines, etc, beside the trash cans inside the screened bins.
- Place metal, plastic, and non-returnable bottles and jugs in clear plastic bags or boxes and place these items between or beside the trash cans, or on top of the bin.
- Place all returnable bottles and cans (beer, wine, etc) in cartons or bags and place these items on top of the screened bin.
- To assist campers to follow this program, clear plastic bags will be sold at the Store.

If you bring bottles and cans to the area behind the Dining Hall, please leave them neatly on the ground so that our property staff can properly sort them. (Beer cans and bottles will be recycled for an end of the season party for the property manager and his staff...a nice "thank you".)

Batteries and fluorescent light bulbs should be given to the staff for proper disposal. Do not break the bulbs. Paint cans should be left open to dry and then given to the staff.

***Do not feed the bears! Secure all food scraps!***

#### **WATERFRONT & BOATING SAFETY**

**Nobody gets hurt! Nobody gets hurt! Nobody gets hurt!**

- **Swimming**

***While the Club has traditionally provided a lifeguard service for the beach and swimming area by the swimming dock, there can be none this summer.*** Parents are responsible for their children in and out of the water in the swimming area at all times and parents should not drop off their young children unless they are personally supervised by a babysitter or other responsible adult.

Any child who has not passed the Minnow test is not allowed on any dock without wearing a life preserver. All children must wear life preservers in boats until they have passed the Bass test. Swimmers must have passed the Bass test or be over 10 years old to be on the beach without an adult.

- **Boating: ICFC Power Boating Rules & Guidelines**

The boat operator should have a valid operator card, is responsible for following Canadian recreational boating safety regulations, and will be responsible for the safety of all boat occupants.

The boat operator should ensure that all occupants have an approved size-appropriate life vest or personal flotation device (PFD) in the boat. Ideally each person should wear a PFD.

The boat operator should observe the ICFC no wake zones: in the front

bay between the main dock and the Schroeder dock, in the back bay, in Reed Bay, and between the Sherrill dock and Reed Bridge.

On Sundays during encampment, power boating activities in the front bay should be restricted to necessary transportation only.

The Canadian recreational boating safety regulations now require proof of boat operator competency for all operators of motor boats. U.S. state-issued operator cards are considered as proof of competency. The Canadian Coast Guard Pleasure Craft Operator card may be acquired online at [www.theoperatorcard.ca](http://www.theoperatorcard.ca).

The regulations include age and horsepower restrictions: if not accompanied and directly supervised by a person of 16 or older, the operator under 12 years old is restricted to a motor of maximum power of 10 hp; the operator over 12 but under 16 years old is restricted to one of a maximum of 40 hp.

The regulations also include minimum safety equipment standards for all boats; these are strictly enforced by the Coast Guard who regularly patrol Georgian Bay. Full details are available in the office.

The Club prohibits the use of motorized Personal Water Craft (PWC) in its waters.

- **Georgian Bay Boaters and Cottagers Code**

**In a water-based community we are all boaters. Both recreational boaters and cottagers share the same concerns about safe enjoyment and environmental protection of our waterways. These paragraphs are taken from the code developed by both the Ontario Boating Forum and the Georgian Bay Association to set responsibilities and expectations to help ensure that we peacefully coexist.**

1. Respect private property. Absolutely do not go ashore without permission if land is posted or has a cottage or building on the site.

2. Anchoring near cottages: All stakeholders are entitled to maximum privacy. Anchor and camp out of sight of cottages whenever possible. While cottagers don't own the water, they cannot move their cottage the same way that a boat can be moved. Conversely many bays have traditionally been used as anchorages.

3. When going ashore on crown land: Always leave with everything that you brought ashore. This includes refuse. It also includes dog feces where reasonably possible.

4. Fires on crown land: When going ashore for a picnic, always abide by fire safety rules including temporary fire bans. Some sites are posted for "No Camp Fires". In such areas, the best alternative is a cooking stove. If you must have a fire and you are in an area where fires are allowed, attempt to use safe public fireplaces and be sensitive to overuse of "deadfall" which upsets the ecological balance of the site. It's best if you bring your own fire wood. Always drown your fire before leaving.

5. All boaters must be aware of the impact their wake and abide by speed limits. Minimize your wake in narrow channels, near cottage docks and in government posted speed zones. All boats should minimize wake for small runabouts, kayaks

and small sail craft whenever possible.

6. Respect the difficulty of manoeuvring larger vessels. Smaller craft should maintain a reasonable distance from larger cruising yachts. Larger craft need longer to respond and cannot see smaller craft close to them. Please refrain from recreational activity such as tubing, fishing, windsurfing and swimming in major boat channels.

7. We all have equal right to enjoy the water and responsibility to keep it clean. Polluting the water with unlawful black water and other discharges is a crime. We can all go further by using environmentally friendly, biodegradable cleaning products, refraining from bathing in the lake, ensuring septic systems are operating within code, and limiting grey water discharge in enclosed/confined bays to the extent possible.

### **FISHING LICENSES & OUTDOORS CARDS**

To purchase a Canadian fishing license, required for anyone 18 years of age or older who wishes to fish, you need an Outdoors Card issued by the Ministry of Natural Resources. Both may be obtained from Lisa Gregoire. Your Outdoors Card, even if expired, should be brought back with you each year. Full details: <http://www.mnr.gov.on.ca/en/Business/LetsFish/index.html>.

Those under 18 who wish to fish must be accompanied by an adult with a fishing license. Any fish caught are part of the catch and possession limit of the adult who holds the license.

The seasonal license now permits a daily catch of three smallmouth bass or two northern pike, the conservation license one of each.

The Fishing Committee reminds Members that best fishing practice dictates that if a smallmouth bass under 12" or less is caught, badly hurt or dies on the stringer or in a livewell, it should never be thrown back. Such a fish becomes part of their seasonal or conservation license daily limit.

### **GAS AND OIL**

Fuel service for boats may be obtained during certain posted hours at the Main Dock. Payment is solely by signed chit.

### **PRIVATE USE OF CLUB BOATS**

Members will be billed for private use of club boats, e.g. transportation of building materials.

### **BOAT STORAGE**

While the Club is able to provide some winter boat storage, members are encouraged to use other marinas in the area, in particular, Moon River Marine where a special facility has been built to handle the Club's needs. If, however, members desire winter boat storage, they must file a storage request with Maurice Gregoire prior to departure from camp. The Club cannot store any inboard or I/O boats. Small boats such as canoes or sunfish may be stored over the winter without charge in or under cottages, provided that neither Club equipment nor Club maintenance labor is utilized for the storage process. Launching and removal by Club maintenance labor of other boats (even in

member boathouses) will be charged in accordance with fee schedules set forth below.

Storage in Club facilities may be under roof or in the open near the softball field. Club maintenance labor will store boats in member boathouses only if the owner has provided safe storing conditions. Boats stored in Club facilities are subject to storage fees each winter even if the boat is not put in the water during the summer.

The Club handles and stores members’ boats for their convenience. The Club accepts no liability or responsibility for boats at any time. Members are advised to carry adequate property and liability insurance for their boats.

**RATES RELATING TO BOAT STORAGE**

<b>Storage in Club Facilities incl. Winterizing, Battery Charge &amp; Launch &amp; Haul</b>	<b>Rates in C\$</b>
Powerboats	625
<b>Storage in Club Facilities, incl. Launch &amp; Haul</b>	
Larger sailboats	400
Rowboats / Sunfish / Lasers	150
Canoes / kayaks	125
<b>Launching &amp; Hauling of privately-stored Boats</b>	
<b>Empty wooden fishing boats under 17’ without motor</b>	<b>250</b>
Sunfish / rowboats	100
Canoes / kayaks	50

**DEFINITIONS**

**Boat storage:** Boats with outboard motors which may or may not be stored outside. If stored outside they will be turned over and supported from ground contact. Boats may be constructed of any materials. Motors are taken off and stored separately.

**Boat launching and hauling:** This is normally a once-per-season charge applicable to boats stored with club labor either in Club facilities or member boathouses. The Club office should be advised in advance if the boat is not to be launched during the summer.

**Batteries:** This includes storage, checking liquid levels, charge upon storage, and one mid-winter charge if required. Replacement and warranty claims are the responsibility of the owner.

**Winterizing Motors:** This includes lubrication and oil. New spark plugs may be added with extra charge. No other service is available.

## TEMPERATURE GAUGE

# **FIRE**

**Fire is an ever-present  
danger in Camp.  
Members must familiarize  
themselves with the Fire  
Emergency Procedures**

**(see pages 60 and 61 at the  
end of this yearbook)**

## THE ICFC ENDOWMENT AND CHARITABLE GIFT FUNDS

**Both the Endowment and Charitable Gift Funds represent strategic priorities for Iron City: the Endowment to ensure the Club's long-term financial future & stability, and the Charitable Gift Fund to contribute to the needs of the Greater Parry Sound community.**

**For either fund, donations can be made at any time by check or gift of marketable securities. Iron City members are also encouraged to consider making a planned gift to one or both funds, either through a gift of cash or marketable securities in their will, or designating the Fund(s) as a beneficiary of their life insurance policy. For information, contact any member of the Charitable Gift and Endowment Funds Committees or the Treasurer. Your support is welcomed.**

### IRON CITY FISHING CLUB ENDOWMENT FUND

#### *Our Fund for the Future*

The ICFC Endowment Fund was established to ensure the sustained health of ICFC and serve as a reserve should an unexpected expenditure arise and/or monies be needed to help in the operation of the Club. All monies are collected and maintained in US currency. Many large capital projects have received loans from the Endowment Fund in the past: for example, the dining hall renovation, water tower repair, and the purchase of land. Monies borrowed from the Endowment Fund to meet these expenses are repaid from operational income.

In some circumstances, and only if the Endowment Fund is able to maintain certain levels, the Club has the ability to withdraw monies to fund infrastructure and capital projects without repayment. The Endowment Fund has served as an important resource for the Club throughout the years, and many of our members continue to support the Endowment Fund generously by donating money in memory of loved ones or fellow members.

Donations can be made at any time of the year in either check form or transfer of marketable securities. Donations are **not** tax deductible. Checks, should be made payable to ICFC Endowment Fund and mailed to Brian Huber, 135 High Point Walk, Sandy Springs, GA 30342, or phone him at 404-240-5464, or email him at [brian.huber@wellsfargoadvisors.com](mailto:brian.huber@wellsfargoadvisors.com).

## IRON CITY FISHING CLUB CHARITABLE GIFT FUND

### ***Making a Commitment to Education, the Arts and the Environment, in our Georgian Bay Community***

This fund is used for charitable purposes that benefit the Georgian Bay area. The Fund has contributed to organizations and projects such as "First Generation" post-secondary scholarships for graduates of the Parry Sound High School, the West Parry Sound Health Centre, the Festival of the Sound, the Georgian Bay Land Trust, the Georgian Bay Biosphere Reserve and Georgian Bay Forever.

Donations to this Fund, managed by The Pittsburgh Foundation ('TPF'), are tax deductible when made directly to TPF for Iron City Fishing Club Charitable Gift Fund. Contributions can be made in US funds online at <http://pittsburghfoundation.org> using Visa or MasterCard, or via a transfer of marketable securities, or by check mailed to The Pittsburgh Foundation, attn: Kelly Uranker, Five PPG Place, Suite 250, Pittsburgh, PA 15222-5414. Her phone number there is 412-394-2604, ext. 204, and her email [uranker@pghfdn.org](mailto:uranker@pghfdn.org).

## 2019 CUP WINNERS

Ernest N. Calhoun Cup (Best in-season smallmouth bass by member):

**David Fritz, 4 lb 10 oz**

Tom Collins Conservation Cup (Best single smallmouth bass on a given day):

**Jorie Brown, 1 lb 13 oz SMB**

Kinnear Cup (Best smallmouth bass by someone 14 years old and under):

**Shepherd Boucek, 3 lb 11 oz**

Todd Cup (Best string of smallmouth bass by member on a given day):

**George Stronach, IV, total 9 lb 4 oz**

Tranter Muskie Cup (Muskie(s) caught by member or son or daughter of member):

**Jamie Huber, 28 lb 12 oz**

George J. Wright Trophy (Best smallmouth bass by son, daughter, grandson or grand-daughter of member):

**Thomas Stronach, 3 lb 13 oz**

In addition to the fish listed above with their cup winners, the other record catches in 2019 were:

Catfish, 9 lb 11 oz, **Bruce Lawson**

Pickrel, 4 lb 6 oz, **Steven Heath**

Pike, 11 lb 14 oz, **Heath Boucek**

Rainbow Trout, 3 lb, **David Fritz**

Sillers Cup (Golf Match-play – ICFC Club Championship): **Jeffrey Hugessen**

Bill Tolley Cup (Tennis Mixed Doubles): **incomplete because of bad weather**

Mary S. Scott Shuffleboard Cup: **Manny Parodi & Alex Scott**

\*\*\*\*\*

## 2019 PADDLE WINNER

**Claire Cunningham**

### PROCEDURES FOR STAFF APPLICATIONS FOR 2021

Candidates for the leadership position are requested to send a completed application to the chairperson of the Human Resources Committee by October 15th of the year before they wish to work. Application forms for the position may be obtained by contacting the chairperson by telephone or email. Applicants must have completed the equivalent of one year of college by the summer they wish to work.

Candidates interested in serving on the wait staff are requested to send a completed application to the chairpersons of the HR Committee by January 15th of the year they wish to work. The HR Committee would prefer that wait staff applicants complete at least one year of high school and are 15 years of age by June 1st of the year they wish to work. Application forms for the position may be obtained by contacting the chairperson of the HR Committee by telephone or email.

# FIRE EMERGENCY PROCEDURES

## 1. SAFETY FIRST - ALWAYS THINK *FIRE PREVENTION*

## 2. BE PREPARED.

Fighting fires is the responsibility of the entire camp. Every able-bodied person will be expected to help, as needed. All campers should:

- A. Know where the fire alarm horns on your front porch and outside nearest to your cabin are located;
  - B. Know where your cabin's fire extinguisher is located;
  - C. Be familiar with the water hoses in your area;
  - D. Know the location and operation of the portable water pumps around camp: near the Sipes'; Indian Camp; in back boat house; under dining hall; near the canoe dock; Morgan Dock; Dominie Island near the Jenkins'; Monague Island near the Sloans'.
- (Their locations are indicated on the map on the laminated fire safety card which is in each cabin.)

## 3. IF A FIRE OCCURS, REMAIN CALM.

Get all people in or around the fire area out of danger. Persons who are unable to help, i.e. children, the elderly, etc, should congregate on the beach or away from the fire area for their safety and to keep them out of the way of fire fighters. ***Speed*** in getting help and attention to the problem is crucial.

- A. Call the Caretaker, Maurice Gregoire, and/or the Asst Caretaker, Randy Grisdale, and/or Lisa Gregoire, phone numbers on facing page. Then ensure the Office and all other numbers are called as sources of help, including boats with pumps.
- B. Loudly shout "FIRE!!" for help and ring the fire alarms. Find the fire alarm horn on the porch of the nearest cabin to the fire and sound it.
- C. Use the cabin's fire extinguisher to help keep the fire localized.
- D. If needed, use the fire hoses or water pumps. Water should be applied directly to the fire **and** neighboring buildings, trees, etc, to prevent the fire from spreading.

## MEDICAL EMERGENCIES

A **portable oxygen tank**, a **defibrillator**, and adult and child **EpiPens** for allergic shock are stored in the front room of the doctor's office, as well as wheelchairs; this room is not locked.

There is also a **defibrillator**, and **EpiPens**, beside the fire station between the Sawin-Williams and Jenkins cottages on Dominie Island; and another **defibrillator**, and **EpiPens**, in the Back Bay, by the Friends' Boathouse.

# **EMERGENCY**

## **Fire OR Police OR Medical**

**COMPLETE THIS WITH  
YOUR CABIN NUMBER  
to be found on pages 54-55**

### **FIRST CALL**

<b>Maurice Gregoire cell</b>	<b>1-705-746-6699</b>
------------------------------	-----------------------

**If no reply from Maurice, call Randy or Lisa:**

<b>Randy Grisdale cell</b>	<b>1-705-774-4179</b>
<b>Lisa Gregoire cell</b>	<b>1-705-346-1191</b>

**If no reply from Randy or Lisa, call:**

<b>Area Dispatch</b>	<b>911</b>
----------------------	------------

**who will require the ICFC GPS:**

**N45° 06.722, W080°  
02.564**

**and CIVIC ADDRESS**
