Final Date for In-Camp Residence	Monday, September 26
Annual Meeting in Pittsburgh at 4 pm	Saturday, November 5

IRON CITY FISHING CLUB

FIRST FISHING TRIP 1881

ORGANIZED 1882

INCORPORATED 1901

PURPOSE

To maintain and preserve a safe haven
in the beautiful natural environment of Georgian Bay,
and for the members of the Club to enjoy
recreational, social, spiritual and educational activities.

CUSTOMS AND COURTESIES

Iron City Fishing Club had its origin in 1881. It had then and still has religious overtones and a few established traditions that have made it and kept it the happy summer retreat it is.

IT IS TRADITIONAL for all campers to attend the Sunday morning devotional service in the dining room following breakfast and the regular Vespers Service in the Lodge at eight o'clock.

IT IS TRADITIONAL not to fish on Sunday and to keep a quiet bay by reserving it for canoes and sailboats. The use of powerboats for necessary transportation may, of course, be undertaken.

IT IS TRADITIONAL for every member and guest to share in keeping the Camp grounds free of litter and to keep the area surrounding their own cottage neat and trim.

IT IS TRADITIONAL for campers and guests to make every effort to modulate voices and all other sounds in order to ensure a quiet camp after eleven o'clock in the evening.

IT IS TRADITIONAL not to bring in any smallmouth bass under 12" in length. Should a fish have been so badly hurt it will die, it is to be counted as one of Canada's legal personal daily limit.

OFFICERS

President	WALTER F. JENKINS
Vice President	DAVID BROZESKI
Vice President	ANDREW R. DOUGLASS
Vice President	ROBERTA SCHROEDER

GENERAL INFORMATION – 2022 SEASON

ORGANIZATION

Jim Beatty is the Business Manager for the Club. He and his wife *Bonnie* are residents of Parry Sound. Their children are *Anne* with husband *Clayton Hall* and son *Hudson* and daughter *Hadley*, *Kate* with husband *Kevin Morrison* and daughters *Isabella* and *Sienna*, and *Andrew* with wife *Mara Hollingsworth*.

This summer there will be a Leadership team of four: Head Waiter *Oliver Chapple*, overseeing the Dining Hall and the teenage waiter and activity staff; Club Coordinator *Campbell Huber*, assisting with camp recreational activities, announcements, and member needs in the office with reservations, transportation, arrangements for cabin repairs, and other matters; Waterfront Coordinator *Aleksandra Brozeski*, responsible for the Waterfront; and Bookkeeper *Jacob B. Brown, IV*. There will always be a representative of the Human Resources Committee to support this Leadership team.

Dana Hospitality will staff the kitchen, preparing and cooking the food during the season.

Dana will also provide the Dining Room Supervisor this summer. This employee of Dana will work directly with our Head Waiter to coordinate operations and communications between the front- and back-of-house.

Caretaker *Maurice Gregoire* and his wife *Lisa*, with their children *Mackenzie* and *Steven*, and Assistant Caretaker *Randy Grisdale* live at camp all year round.

Maurice and Randy are responsible for assuring that the Club is safe and secure. During the summer, Maurice hires a small staff for maintenance work, for driving camp boats, and for garbage/trash disposal. Maurice's group is not available for major repair or construction work on member cottages; minor repairs are handled by the member preparing a work order and leaving it at the office. Such repairs will be charged to the member through the Club.

Committees generally work with and through the Club staff. They establish programs, policies and procedures in their respective areas and advise the President and the Business Manager. Member suggestions and/or complaints should be addressed to the appropriate committee Chair. See pages 24 to 29 for the names of all committee members.

TRAVEL REQUIREMENTS TO/FROM CANADA

All travelers to Canada, whether arriving by land or air, are required to show proof of COVID vaccination, having submitted other mandatory information via the government's ArriveCAN app or website. However, requirements can change rapidly and the website of the Canada Border Services Agency <https://www.cbsa-asfc.gc.ca> should be checked for updates.

Additionally, all U.S. citizens traveling by air must show a passport when entering both the U.S.A. and Canada. When traveling by car, adults must show a passport but children under 16 may substitute an original or copy of their birth certificate. There is no change to the requirement for a notarized permission letter by both parents if the child under 18 is not accompanied by both parents. Full details are given on <http://travel.state.gov>.

A useful resource for drivers is <https://travel.gc.ca>, showing border wait times and other travel information.

TRANSPORTATION

Moon River Marine (<https://www.moonrivermarine.com/>) in Woods Bay is connected via MacTier to Highway 400. It is the closest marina to Camp with capacity to park autos, to provide boat storage, maintenance service, fuel, and to supply docking and water taxi service. Club maintenance materials are delivered to this point. Auto parking for a fee is also available at Woods Bay Marine/Grisdale's (<http://www.woodsbaycottages.com/marine.html>).

Independent water taxis are available from Moon River Marine (phone 1-705-375-2342) or from James and Kim Grisdale's (phone 1-705-346-1072).

With prior reservation at the Club office, the Club boat is available to pick up or deliver members and guests and their baggage in Woods Bay at Moon River Marine or Grisdale's Marina. Please plan to arrive at least 15 minutes before the scheduled time, having called Maurice Gregoire directly from MacTier to confirm the exact arrival time. Failure to arrive on time for a reservation will incur a full-fare penalty. Boat trips may be shared at the option of the member who makes the initial reservation.

To or from Woods Bay ----- Trip, up to 4, or Towing: C\$90

Additional person: C\$20 each; under age 13 no extra charge

Members seeking Ride Shares, particularly to/from the Toronto airports and Pittsburgh, should look on the ICFC website <http://www.icfc.net/rideshare>.

Additionally, Landmark Bus Lines (www.landmarkbuslines.com; phone 1-705-435-2629) and Hammond Bus (www.hammondbus.com; phone 1-705-645-5431) both provide reliable but expensive transportation between Toronto airport and Georgian Bay points.

Ontario Northland (www.ontarionorthland.ca/) offers a scheduled bus service between Toronto points and MacTier.

ARRIVALS AND DEPARTURES

Unexpected arrivals and departures place an extra burden on the Camp operation. All reservations must be made online, using the link on the website (www.ICFC.net), two weeks or more in advance of arrival. This should be used for both in-season and off-season reservations as appropriate. Both arrival and departure dates should be specified, even if modified later. Everyone in the party should be named, and the birthdays listed of all children under 13.

OPENING, CLEANING & CLOSING COTTAGES

Arrangements for opening members' cottages should be made independently by the individual member with Lisa Gregoire, with at least three weeks' notice by phone (1-705-346-1191) or email (moeandlisa@live.ca). It is important to specify the nature of the work to be done when contacting Lisa, and also to tell her the first date the cottage will be occupied. She will arrange for the cleaning work to be done and billed through the Club.

In addition, cottages can be cleaned during the summer; please provide Lisa

with as much notice as possible so that she can schedule the appropriate staffing; this is particularly important during the summer peak. No one will be available to clean on Sundays.

Lisa and her crew can also prepare your cottage for winter closing.

COTTAGE RENTALS

Cottage owners are encouraged to rent their cottages to other members or guests. Available cottages may be found on the website. Owners are expected to have their cottages cleaned prior to renter arrival, and to provide bed linen and towels and working appliances. Rental negotiations are a private matter between members. However, the chair of the Membership & Guest Committee will be able to give advice and information to facilitate rentals.

PETS

Members and guests are not permitted to have pets during the encampment. Pets may be brought to camp by members out of season, provided that they are contained and controlled by the member. With the exception of the Property Managers and Chef, staff are not permitted to have pets at any time.

GUESTS

Guests must be sponsored by a member who is to be present throughout the visit. A member may take to the camp as many guests as he or she can accommodate. Guests may open a guest account while in camp. When charges of a guest are in default, they will be charged to the account of the sponsoring member.

CAMPERS UNDER 26

No one under the age of twenty-six may be in camp unless sponsored by a member who is present in camp. The sponsor shall advise the Club office at the time of reservation.

ALCOHOL, MARIJUANA & OTHER CONTROLLED SUBSTANCES POLICY

Temperate behavior is expected from all adults. Club policy requires compliance with Canadian law which provides that use of alcohol or marijuana by minors (under 19) and sale of cigarettes to anyone under 19 is illegal.

Anyone distributing controlled substances, whether alcohol, marijuana or other drugs, to minors will be asked to leave camp. Any instances of these offenses should be reported immediately to the President or the ranking Board member in camp at the time.

We need the continuing support of all members in upholding and reinforcing this policy.

In addition, it is traditional for adult campers to refrain from consuming alcohol in common spaces except in connection with activities that have been approved by a Club Officer. Use of marijuana should be limited to private spaces.

WEBSITE

Iron City's website address is <https://www.icfc.net/> . Your username will be, e.g., your (member's) own email; your password will be your own private password. If you need assistance, email Diehl Sillers, diehlstx@gmail.com.

INTERNET SERVICE

The Club no longer provides an internet service to members. The internet connection in the office will not be available to members.

Campers are advised to consult their own carriers. They will also find details of local alternatives, "Recent Updates", on the website <https://www.icfc.net/> .

ELECTRONIC EQUIPMENT USAGE GUIDELINES

ICFC is a very special place. Most campers arrive expecting something different than the intrusions and pace of our lives back home. These guidelines for cell phones, laptops, handheld games and other hand-held communication devices are intended for the benefit of all.

While phone-call use is preferred in private cottages, poor signal quality may make it necessary to seek a good signal only available outside. Doing so should be discreet and considerate of others. Phone calls are prohibited in the Dining Hall, Lodge and Library.

However, photography and texting are permitted in and around outdoor areas such as boardwalks, beach, docks, putting green, lawns, tennis courts. Again, use in public should be discreet and considerate of others.

MAIL

Summer and winter address in Canada:

Iron City Fishing Club, PO Box 308, Parry Sound ON P2A 2X4

Winter legal address in USA:

Iron City Fishing Club, PO Box 11275, Pittsburgh, PA 15238-0275

Postage on standard letters and postcards from Canada to the United States is \$1.47 (Canadian, \$1.30 + tax). Postage for letters and postcards to Canada from the States is \$1.30 (USD). During normal encampments, incoming mail arrives at the office, and outgoing mail may be dropped in the mailbox there.

If you wish to ship items to camp from outside Canada, you will need a border broker, most easily via a UPS or FedEx store. Items may usually be sent to the Moon River Marine, Woods Bay, from May until mid-October. If you cannot do that, contact Jim Beatty for information on working with a border broker.

CLUB STORE

The Club convenience store is open from Monday to Saturday during the posted hours. \$5, \$10 and \$20 punch cards are available for making purchases. Neither cash nor charge slips (other than for punch cards) are acceptable for purchases. Children 12 and under may not sign chits for punch cards.

Extra Yearbooks are available through the office for \$5.

The Club has no capabilities for cashing checks for members or guests.

HOURS

STORE & GAS: Mon-Sat 8:15-10 am, 1-2 pm, 7-8 pm
OFFICE: Mon-Sat 8:15-12 am, 1-2 pm, 7-8 pm
LIFEGUARD: hours posted outside the Dining Hall
ARTS & CRAFTS: Mon, Wed, Fri, 10-11 am
DOCTOR: In office after meals; always on call.

GAS AND OIL

Fuel service for boats may be obtained during certain posted hours at the Main Dock. Payment is solely by signed chit.

MEDICAL

Camp Physicians: It has been traditional to enlist medical doctors to be in residence during the encampment. These Canadian physicians are guests of the Club and in return provide medical care for minor conditions and a reassuring presence in times of crisis. Because of the limitations of our medical facilities it is expected that all maladies that appear potentially serious be referred to the hospital or clinics in Parry Sound.

Medical Fees: A consultation with the Camp physician will not incur a charge. If a prescription or over-the-counter medication is dispensed by the Camp physician, there will be a C\$25 flat fee for restocking purposes. Additionally, members will be charged a nominal price of C\$25 to help replenish medical supplies carried at the Doctor's office used for unexpected situations, e.g., sutures, splints, etc. Fees will be placed on the member's account.

Existing Medical Conditions: Members or guests with known medical conditions should bring to Canada an appropriate supply of medications needed for their stay and any medical history which might be helpful in an emergency.

Tetanus Immunizations: All campers should ensure that their tetanus immunization vaccinations have been updated within the past five years.

Emergency Equipment: Should they be needed in the event of a medical emergency, a portable oxygen tank, a defibrillator, and adult and child EpiPens for allergic shock are stored in the front room of the doctor's office, as well as wheelchairs; this room is not locked. There is a second defibrillator beside the fire station between the Sawin-Williams and Jenkins cottages on Dominie Island, and a third in the Back Bay by the Old Friends' Boathouse.

DOCTORS EXPECTED IN 2022

June 25 – July 2	Dr Azadeh (Azi) Moaveni
July 2 – July 9	Dr Harvey Williams
July 9 – July 16	Dr Katherine Knight
July 16 – July 23	Dr Robert Laham
July 23 – July 30	Dr Leon Irish
July 30 – August 20	Dr Tim Kelton

Find **Medical emergency numbers and procedures** on pp. **64 & 65.**

RATES 2022

Encampment June 25th – August 20th

DAILY OUTING RATES	Rate in	C\$* Code
Members 26 and over.....	\$72 Aug 13-20	\$96 4
Guests 26 and over.....	\$111 Jun 25-Jul 15, Aug 13-20	\$148 5
Youths 13 through 25.....	\$59 Aug 13-20	\$78 6
Youths 7 through 12.....	\$27 Jun 25-July 15, Aug 13-20	\$54 7
Youths 1 through 6.....	no charge Jun 25-July 15, Aug 13-20	\$20 8
Employees of members or guests.....		\$61 9
Season's charge per family for non-resident Members		\$150

***Rates** are expressed in Canadian dollars per day. Invoices may be paid in Canadian or US currency. The exchange rate is set by the Club's bank. All goods and services are subject to a Harmonized Sales Tax (HST) of 13%.

Invoices are due and payable upon departure. Please make checks in the exact amount due. Advance payments in round amounts are warmly encouraged.

One-half daily rate will be charged for the normal afternoon **arrival** in camp and one-half daily rate for the day of **departure** if before dinner. Arrivals after dinner hours or departures before breakfast hours will not be charged the half-day rate if the required advance notice has been given.

Members and guests who are in camp **from June 25 through July 15** will not be charged for their children 12 and under. **Guests on their first visit**, ministers and their spouses, and other guests who have not returned to camp since 2017, will be charged at member rates.

Those campers who have already been in camp in season for a minimum of one week will enjoy a 25% reduction in their daily outing charge during the final week of camp (**before dinner on August 13th to after breakfast on August 20th**). This final week incentive will also include the special charge of \$111 per day for guests.

Members are encouraged (making reservations, please) to invite **local guests** to stay for lunch or dinner at C\$16 and C\$22 respectively. If a guest stays overnight, the appropriate daily guest rate will be charged.

The out-of-season rate will be C\$45 per person per night (but no charge for anyone aged 12 and under).

However, out-of-season stays will be charged at \$25 to any member who has spent a certain minimum number of days in camp in season: for a married member couple the minimum is 42 days in total, for a single member the minimum is 28 days. (Days accrued for children and guests will not be counted.)

Out-of-season charges: The responsible member must advise the Business Manager, Jim Beatty, of the dates and numbers of people, including those under 18: this must be done in advance or during the stay (letter or telephone or email). Lisa Gregoire should also be given this information.

Charges for special events: Private events sponsored by individual members, whether in season or out of season, may not adversely affect enjoyment of the camp and its facilities by any other members. All member

and guest outing fees or out-of-season charges are applicable, and any additional costs to the camp for use of such things as utilities, camp labor, or camp boats are to be borne by the sponsoring member.

Garbage and recyclables: regular pick-ups will be made at all bins and stations, throughout the summer. *Trash removal services out of season will be offered if the staffing is available, but less frequently: campers should ask the Caretaker on their arrival for the schedule, to ensure that no food or other items is left out to attract bears and raccoons.*

MISCELLANEOUS CHARGES

Labor Rates: Labor rates for opening or closing cottages, or for minor repairs by the Club maintenance crew, will be posted in the office. These rates include not only wages paid by the Club to the employee, but also payroll taxes and an appropriate share of Club overhead. During the encampment, the above kinds of labor must be arranged at the Club office by work order, and paid for through the Club.

Trash Removal: Heavy trash, such as worn-out appliances, can be taken to a dump out of camp, subject to Archipelago regulations. Ask at the Club office for the rate for this service, which will include the fee for haulage to Woods Bay.

ANNUAL DUES and INITIATION FEES

For 2022 the annual dues are unchanged:

Corporate Members.....	C\$3,700
Associate Members.....	C\$2,100
Intermediate Members (aged 35-44).....	C\$ 800
Intermediate Members (aged 26-34).....	C\$ 525

New members pay initiation fees which are currently:

Corporate Members.....	C\$1,000
Associate Members.....	C\$ 500
Intermediate Members (aged 26-44).....	C\$ 250

Membership is always extended to members’ new spouses; each couple has one membership and one vote.

Members who wish to propose candidates for membership next year should contact the Membership Secretary by February 15th, 2023. All members’ children born prior to December 31st, 1998 are eligible.

See Article I, Section 5, of the ICFC By-Laws for the complete description of the application process for membership, changes in membership, transfer of membership, etc.

DINING HALL

Three meals a day are served in the Dining Hall during the encampment. The Dining Hall will open 10 minutes after the last bell for lunch and dinner, and those meals will begin promptly 10 minutes after the doors open, with the singing of the mealtime song.

Special Needs: Our shared, family-style meals are one of the most important traditions binding us at the Iron City Fishing Club. We do however recognize

that some of our members have dietary restrictions. One vegetarian meal will be offered for dinner. Medically restricted meals will also be served to those with special needs. Peanut butter, jelly and bread will always be available, upon request.

Special Requests: You must notify the kitchen about your dietary needs when you make your reservation. The Special Dietary Request Form will be available on the ICFC website along with the reservation form. We also ask that you email the Chef and the Commissary Chair. Two weeks' notice is required prior to **each visit** to camp because all of our food has to be ordered in advance and the office does not maintain records of each member's dietary needs. Doing this helps ensure your needs are met.

Please check in with the office upon your arrival to confirm that we have your special request ready for your first meal. If you feel the form does not cover your specific needs, please schedule a time to discuss them with the Chef, Commissary Committee member in camp/in charge during your stay or the new Dining Room Supervisor (Dana Hospitality employee).

Picnics: Picnic lunches will be provided on request to campers who submit a completed requisition form to the headwaiter no later than immediately following the evening meal prior to the desired picnic. Picnic lunches must be picked up rain or shine. Special requests will be filled at the discretion of the kitchen staff.

Eating Elsewhere: For those who wish to eat occasionally in their cottage, it is traditional for a family member to bring food back to them at the end of the meal. Dining Hall china and silverware must be returned by the next meal period. If you are planning to dine out at a restaurant or skip a meal, it helps the wait staff and kitchen if you give advance notice, stating the meal in question and the number in your party.

Food Orders: The Club kitchen does not supply milk, soft drinks or snack foods for members for use in their cottages gratis. However, the Club kitchen can fulfill members' orders for such items, using the order forms available in the Dining Hall and the office – and your Club account will be charged accordingly. The Club kitchen also provides special event catering. Menus and pricing are available in the Dining Hall and the office.

Fish Preparation: "Camper-caught" fish cannot be prepared or served the day of or the day after the Paddle Dinner which will be Thursday, August 11.

DINING HALL CUSTOMS

IT IS A CUSTOM for parents or a responsible adult to supervise and sit with all children under age 13.

IT IS A CUSTOM to reserve the first three tables at lunch and dinner for staff and teenagers (age 13 and higher) not requiring supervision.

IT IS A CUSTOM to reserve tables on the porch for adults.

IT IS A CUSTOM to reserve only the necessary seats for your party.

IT IS A CUSTOM to remove hats. Shoes are required at all times.

IT IS A CUSTOM to reserve end-tables for families with high chairs. Parents are encouraged to arrive early to secure these locations.

DINING HALL TIMES & BELLS

	1st bell	2nd bell	3rd bell	
WEEKDAYS				
Breakfast	7:45 am	8:00 am	8:20 am	Doors close promptly at 8:30 pm
Lunch	12 noon	12:20 pm		Lunch served at 12:30 pm
Dinner	6:00 pm	6:20 pm		Dinner served at 6:30 pm
SUNDAYS				
Breakfast	8:00 am	8:20 am		Breakfast served at 8:30 am
Dinner	12:30 pm	12:50 pm		Dinner served at 1:00 pm
Supper	6:00 pm	6:20 pm		Supper served at 6:30 pm

COTTAGE STANDARDS AND USEFUL INFORMATION

It is the responsibility of each of us to make sure Iron City is forever the beautiful place we know and love. The ICFC Property Committee wants to remind all Members of some basic Cottage issues. Please take a few minutes to read this message. If you need assistance with any of these the Property Managers or the Property Committee members can assist you.

FIRE PREVENTION:

FIRE IS AN EVER-PRESENT DANGER. Fire prevention is EVERY MEMBER'S responsibility. Know the location of fire hoses and pumps near your cabin and how to use them. Call for help immediately if you see a fire. **See pages 60 and 61 on the inside back cover for details.** If you use a grill, make a fire in the fire places around camp, or are on a picnic, do not leave any fire unattended. **Iron City Fishing Club does not allow wood-burning fireplaces inside any cottage.**

LIMIT STORAGE UNDER COTTAGES: Electrical wires under cabins require visual inspections for potential hazards. Chipmunks and squirrels, for example, may chew on wires which can lead to electrical fires. Thus it is very important to keep areas under cottages clear.

DO NOT STORE FLAMMABLE PRODUCTS UNDER COTTAGES: In the tragic event that fire should occur, flammable liquids under your cottage could amplify a fire event at the cost of other cabins and lives. Additionally, old and unused products may be toxic and harmful if in contact with skin. Should flammable products need to be in your cottage, they must be properly stored (e.g. create a safety cabinet).

REFRAIN FROM WOOD STORAGE UNDER CABINS: Wood can get moldy and rot. Moldy wood attracts bugs which may eventually infest your cabin. An even greater hazard is that moldy wood is prone to fire. Keep wood storage for short duration or store on blocks to keep from ground contact.

REPLACE ALL SMOKE ALARM BATTERIES: While the property staff inspects all fire extinguishers annually, it is the owners' responsibility to change smoke alarm batteries every year, to check fire horn function, and to be familiar with the location of all fire extinguishers in their cabin and know how to operate them.

REFRAIN FROM USING TOO MANY EXTENSION CORDS: Too many electrical extension cords generally suggest that the electrical power in the cottage is not up to date or adequate for the demands of today's electrical needs. Check your system annually. Make sure the breakers work and the wiring is OK. Have an electrician review the electrical system in the cottage every so often. The Property Managers can supply you with information on electricians familiar with the Club.

ENVIRONMENTAL:

TREE POLICY: Our many variety of trees enhance our Iron City experience. Light pruning by members is permissible to keep branches off cottages and to restore desired water views. No trees may be removed without permission of the Property Committee as advised by the Landscape Committee.

WATER QUALITY: Do not wash in the Bay as the chemicals in shampoo and soap, even those that are biodegradable, are harmful to aquatic life.

ENERGY EFFICIENCY: Conserve energy. Use compact fluorescent or LED bulbs in your light fixtures.

WASTE DISPOSAL & RECYCLING: The Club adheres fully to the recycling program adopted by the Archipelago for waste disposal and recycling paper, cardboard, metal, plastic and glass.

- Place general household waste in clear plastic bags in the trash cans.
- Place paper, flattened cardboard boxes, newsprint, magazines, etc, beside the trash cans inside the screened bins.
- Place metal, plastic, and non-returnable bottles and jugs in clear plastic bags or boxes and place these items between or beside the trash cans, or on top of the bin.
- Place all returnable bottles and cans (beer, wine, etc) in cartons or bags and place these items on top of the screened bin.
- Campers should bring clear plastic bags with them to comply with this program.

If you bring bottles and cans to the area behind the Dining Hall, please leave them neatly on the ground so that our property staff can properly sort them. (Beer cans and bottles will be recycled for an end of the season party for the property manager and his staff...a nice "thank you".)

Batteries and fluorescent light bulbs should be given to the staff for proper disposal. Do not break the bulbs. Paint cans should be left open to dry and then given to the staff.

Do not feed the bears! Secure all food scraps!

WATERFRONT & BOATING SAFETY

Nobody gets hurt! Nobody gets hurt! Nobody gets hurt!

• Swimming

Any child who has not passed the Minnow test is not allowed on any dock without wearing a life preserver. All children must wear life preservers in boats

until they have passed the Bass test. Swimmers must have passed the Bass test or be over 10 years old to be on the beach without an adult.

The Club has traditionally provided a lifeguard service for the beach and swimming area by the swimming dock. These lifeguards are usually 15 or 16 years old and certified. Nevertheless, it is important to keep in mind that even the certified lifeguards are not professional lifeguards. Parents primarily are responsible for their children in and out of the water in the swimming area at all times and parents should not drop off their young children unless they are personally supervised by a babysitter or other responsible adult.

- **Boating: ICFC Power Boating Rules & Guidelines**

The boat operator should have a valid operator card, is responsible for following Canadian recreational boating safety regulations, and will be responsible for the safety of all boat occupants.

The boat operator should ensure that all occupants have an approved size-appropriate life vest or personal flotation device (PFD) in the boat. Ideally each person should wear a PFD.

The boat operator should observe the ICFC no wake zones: in the front bay between the main dock and the Schroeder dock, in the back bay, in Reed Bay, and between the Sherrill dock and Reed Bridge.

On Sundays during encampment, power boating activities in the front bay should be restricted to necessary transportation only.

The Canadian recreational boating safety regulations now require proof of boat operator competency for all operators of motor boats. U.S. state-issued operator cards are considered as proof of competency. The Canadian Coast Guard Pleasure Craft Operator card may be acquired online at www.theoperatorcard.ca.

The regulations include age and horsepower restrictions: if not accompanied and directly supervised by a person of 16 or older, the operator under 12 years old is restricted to a motor of maximum power of 10 hp; the operator over 12 but under 16 years old is restricted to one of a maximum of 40 hp.

The regulations also include minimum safety equipment standards for all boats; these are strictly enforced by the Coast Guard who regularly patrol Georgian Bay. Full details are available in the office.

The Club prohibits the use of motorized Personal Water Craft (PWC) in its waters.

- **Georgian Bay Boaters and Cottagers Code**

In a water-based community we are all boaters. Both recreational boaters and cottagers share the same concerns about safe enjoyment and environmental protection of our waterways. These paragraphs are taken from the code developed by both the Ontario Boating Forum and the Georgian Bay Association to set responsibilities and expectations to help ensure that we peacefully coexist.

1. Respect private property. Absolutely do not go ashore without permission if

land is posted or has a cottage or building on the site.

2. Anchoring near cottages: All stakeholders are entitled to maximum privacy. Anchor and camp out of sight of cottages whenever possible. While cottagers don't own the water, they cannot move their cottage the same way that a boat can be moved. Conversely many bays have traditionally been used as anchorages.

3. When going ashore on crown land: Always leave with everything that you brought ashore. This includes refuse. It also includes dog feces where reasonably possible.

4. Fires on crown land: When going ashore for a picnic, always abide by fire safety rules including temporary fire bans. Some sites are posted for "No Camp Fires". In such areas, the best alternative is a cooking stove. If you must have a fire and you are in an area where fires are allowed, attempt to use safe public fireplaces and be sensitive to overuse of "deadfall" which upsets the ecological balance of the site. It's best if you bring your own fire wood. Always drown your fire before leaving.

5. All boaters must be aware of the impact their wake and abide by speed limits. Minimize your wake in narrow channels, near cottage docks and in government posted speed zones. All boats should minimize wake for small runabouts, kayaks and small sail craft whenever possible.

6. Respect the difficulty of manoeuvring larger vessels. Smaller craft should maintain a reasonable distance from larger cruising yachts. Larger craft need longer to respond and cannot see smaller craft close to them. Please refrain from recreational activity such as tubing, fishing, windsurfing and swimming in major boat channels.

7. We all have equal right to enjoy the water and responsibility to keep it clean. Polluting the water with unlawful black water and other discharges is a crime. We can all go further by using environmentally friendly, biodegradable cleaning products, refraining from bathing in the lake, ensuring septic systems are operating within code, and limiting grey water discharge in enclosed/confined bays to the extent possible.

FISHING LICENSES & OUTDOORS CARDS

To purchase a Canadian fishing license, required for anyone 18 years of age or older who wishes to fish, you need an Outdoors Card issued by the Ministry of Natural Resources. Both may be obtained from Lisa Gregoire. Your Outdoors Card, even if expired, should be brought back with you each year. Full details: <http://www.mnr.gov.on.ca/en/Business/LetsFish/index.html>.

Those under 18 who wish to fish must be accompanied by an adult with a fishing license. Any fish caught are part of the catch and possession limit of the adult who holds the license.

The seasonal license now permits a daily catch of three smallmouth bass or two northern pike, the conservation license one of each.

The Fishing Committee reminds Members that best fishing practice dictates that if a smallmouth bass under 12" or less is caught, badly hurt or dies on the stringer or in a livewell, it should never be thrown back. Such a fish becomes

part of their seasonal or conservation license daily limit.

BOAT SHUTTLE SERVICE

This service will be provided to Club members only, delivering their boat to or from Moon River Marine for a fee of \$90 each way. The service will be conducted by Iron City maintenance staff members who have been qualified by the Gregoires as safe and knowledgeable boat operators. The member boat owner assumes all liability for any and all damages incurred during the performance of this service.

The member boat owner must notify the Club office by email or work order not less than one week in advance of desired service.

PRIVATE USE OF CLUB BOATS

Members will be billed for private use of club boats, e.g. transportation of building materials, for a fee of \$80 each way.

BOAT STORAGE

While the Club is able to provide some winter boat storage, members are encouraged to use other marinas in the area, in particular, Moon River Marine where a special facility has been built to handle the Club’s needs. If, however, members desire winter boat storage, they must file a storage request with Maurice Gregoire prior to departure from camp. The Club cannot store any inboard or I/O boats. Small boats such as canoes or sunfish may be stored over the winter without charge in or under cottages, provided that neither Club equipment nor Club maintenance labor is utilized for the storage process. Launching and removal by Club maintenance labor of other boats (even in member boathouses) will be charged in accordance with fee schedules set forth below.

Storage in Club facilities may be under roof or in the open near the softball field. Club maintenance labor will store boats in member boathouses only if the owner has provided safe storing conditions. Boats stored in Club facilities are subject to storage fees each winter even if the boat is not put in the water during the summer.

The Club handles and stores members’ boats for their convenience. The Club accepts no liability or responsibility for boats at any time. Members are advised to carry adequate property and liability insurance for their boats.

RATES RELATING TO BOAT STORAGE

Storage in Club Facilities incl. Winterizing, Battery Charge & Launch & Haul	Rates in C\$
Powerboats	700
Storage in Club Facilities, incl. Launch & Haul	
Larger sailboats	450
Rowboats / Sunfish / Lasers	175
Canoes / Kayaks	150

Launching & Hauling of privately-stored Boats

Empty wooden fishing boats under 17' without motor	300
Sunfish / Rowboats	125
Canoes / Kayaks	75

DEFINITIONS

Boat storage: Boats with outboard motors which may or may not be stored outside. If stored outside they will be turned over and supported from ground contact. Boats may be constructed of any materials. Motors are taken off and stored separately.

Boat launching and hauling: This is normally a once-per-season charge applicable to boats stored with club labor either in Club facilities or member boathouses. The Club office should be advised in advance if the boat is not to be launched during the summer.

Batteries: This includes storage, checking liquid levels, charge upon storage, and one mid-winter charge if required. Replacement and warranty claims are the responsibility of the owner.

Winterizing Motors: This includes lubrication and oil. New spark plugs may be added with extra charge. No other service is available.

TEMPERATURE GAUGE

FIRE

**Fire is an ever-present
danger in Camp.
Members must familiarize
themselves with the Fire
Emergency Procedures**

**(see pages 64 and 65 at the
end of this yearbook)**

THE ICFC ENDOWMENT AND CHARITABLE GIFT FUNDS

Both the Endowment and Charitable Gift Funds represent strategic priorities for Iron City: the Endowment to ensure the Club's long-term financial future & stability, and the Charitable Gift Fund to contribute to the needs of the Greater Parry Sound community.

For either fund, donations can be made at any time by check or gift of marketable securities. Iron City members are also encouraged to consider making a planned gift to one or both funds, either through a gift of cash or marketable securities in their will, or designating the Fund(s) as a beneficiary of their life insurance policy. For information, contact any member of the Charitable Gift and Endowment Funds Committees or the Treasurer. Your support is welcomed.

IRON CITY FISHING CLUB ENDOWMENT FUND

Our Fund for the Future

The ICFC Endowment Fund was established to ensure the sustained health of ICFC and serve as a reserve should an unexpected expenditure arise and/or monies be needed to help in the operation of the Club. All monies are collected and maintained in US currency. Many large capital projects have received loans from the Endowment Fund in the past: for example, the dining hall renovation, water tower repair, and the purchase of land. Monies borrowed from the Endowment Fund to meet these expenses are repaid from operational income.

In some circumstances, and only if the Endowment Fund is able to maintain certain levels, the Club has the ability to withdraw monies to fund infrastructure and capital projects without repayment. The Endowment Fund has served as an important resource for the Club throughout the years, and many of our members continue to support the Endowment Fund generously by donating money in memory of loved ones or fellow members.

Donations can be made at any time of the year in either check form or transfer of marketable securities. Donations are **not** tax deductible. Checks, should be made payable to ICFC Endowment Fund and mailed to Brian Huber, 135 High Point Walk, Sandy Springs, GA 30342, or phone him at 404-240-5464, or email him at brian.huber@wellsfargoadvisors.com.

IRON CITY FISHING CLUB CHARITABLE GIFT FUND

Making a Commitment to Education, the Arts and the Environment, in our Georgian Bay Community

This fund is used for charitable purposes that benefit the Georgian Bay area. The Fund contributes to organizations and projects such as "First Generation" post-secondary scholarships for graduates of the Parry Sound High School, bursaries for Indigenous students from the Moose Deer Point First Nation through Indspire, the West Parry Sound Health Centre, the Festival of the Sound, the Georgian Bay Land Trust, the Georgian Bay Biosphere, Georgian Bay Forever and the MacTier Public School.

Donations to this Fund, managed by The Pittsburgh Foundation ('TPF'), are tax deductible when made directly to TPF for Iron City Fishing Club Charitable Gift Fund. Contributions can be made in US funds online at <http://pittsburghfoundation.org> using Visa or MasterCard, or via a transfer of marketable securities, or by check mailed to The Pittsburgh Foundation, attn: Kelly Uranker, Five PPG Place, Suite 250, Pittsburgh, PA 15222-5414. Her phone number there is 412-394-2604, ext. 204, and her email uranker@pghfdn.org.

2021 FISHING REPORT

The only fishing tournament held during the abbreviated 141st Encampment was the sparsely-attended Todd Cup tournament, which took place on September 7th and was won by Lynne Todd Edgerton.

However, Dining Hall fish sticks were awarded to Brian and Jack Huber for the two 20-pound Muskies that they caught 45 minutes apart, also on September 7th. And our new president, Wally Jenkins, was awarded a fish stick for the 4-pound smallmouth that he caught a few days later.

2022 WAITER STAFF

PROCEDURES FOR STAFF APPLICATIONS FOR 2023

Candidates for the leadership position are requested to send a completed application to either of the Chairs of the Human Resources Committee by October 15th of the year before they wish to work. Applicants must have completed the equivalent of one year of college by the summer they wish to work.

Candidates interested in serving on the wait staff are requested to send a completed application to both of the Chairs of the HR Committee by January 15th of the year they wish to work. The HR Committee would prefer that wait staff applicants complete at least one year of high school and are 15 years of age by June 1st of the year they wish to work.

Application forms for these positions may be obtained by contacting either of the Chairs of the HR Committee by telephone or email.

Mail & Fax	9	Website	9

FIRE EMERGENCY PROCEDURES

1. SAFETY FIRST - ALWAYS THINK *FIRE PREVENTION*

2. BE PREPARED.

Fighting fires is the responsibility of the entire camp. Every able-bodied person will be expected to help, as needed. All campers should:

- A. Know where the fire alarm horns on your front porch and outside nearest to your cabin are located;
- B. Know where your cabin's fire extinguisher is located;
- C. Be familiar with the water hoses in your area;
- D. Know the location and operation of the portable water pumps around camp: near the Sipes'; Indian Camp; in back boat house; under dining hall; near the canoe dock; Morgan Dock; Dominie Island near the Jenkins'; Monague Island near the Sloans'.
(Their locations are indicated on the map on the laminated fire safety card which is in each cabin.)

3. IF A FIRE OCCURS, REMAIN CALM.

Get all people in or around the fire area out of danger. Persons who are unable to help, i.e. children, the elderly, etc, should congregate on the beach or away from the fire area for their safety and to keep them out of the way of fire fighters. ***Speed*** in getting help and attention to the problem is crucial.

- A. Call the Caretaker, Maurice Gregoire, and/or the Asst Caretaker, Randy Grisdale, and/or Lisa Gregoire, phone numbers on facing page. Then ensure the Office and all other numbers are called as sources of help, including boats with pumps.
- B. Loudly shout "FIRE!!" for help and ring the fire alarms. Find the fire alarm horn on the porch of the nearest cabin to the fire and sound it.
- C. Use the cabin's fire extinguisher to help keep the fire localized.
- D. If needed, use the fire hoses or water pumps. Water should be applied directly to the fire **and** neighboring buildings, trees, etc, to prevent the fire from spreading.

MEDICAL EMERGENCIES

A **portable oxygen tank**, a **defibrillator**, and adult and child **EpiPens** for allergic shock are stored in the front room of the doctor's office, as well as wheelchairs; this room is not locked.

There is also a **defibrillator**, and **EpiPens**, beside the fire station between the Sawin-Williams and Jenkins cottages on Dominie Island; and another **defibrillator**, and **EpiPens**, in the Back Bay, by the Friends' Boathouse.
